The Washington *Times* in warning people how to take care of dogs, to prevent the dogs from getting "mad," says dogs should not be fed much meat, and should have free access to drinking water. The idea of feeding dogs with meat, with present Trust prices. Absurd.

That newspaper man who got within a half mile or so of the crater of Mont Pelee, will have to surrender to Prof. Angelo Heilprin, who sneaked up and peered down into the yawning mouth and got spattered all over with mud and ashes.

It is said that Charles Schwab, who got mad sometime ago at a son of Congressman Dalzell, for jibing him on account of his undervaluation of college education, will get even by putting a fly in the old man's buttermilk, and defeating him for Congress, which he thinks he can do as 90 per cent. of Dalzell's constituents are dependent upon the steel plants in charge of Schwab. Another Trust object lesson.

Some men never know how to moderate their hilarity. One of that kind in Williamsburg, Mass., was so tickled by a joke told him that it took him two hours to put on the laugh brakes, and when he did he was so fagged out that he fell asleep. When he woke up he couldn't say howdy to his wife, and he hasn't spoken since, although that was about three months ago. The doctors think he may come around all right after a while, but we'll wager that he will henceforth dodge the story teller.

A DAY OF WEDDINGS.

Popular Young People of Wilmington Plighted Their Troth at Hymen's Altar.

GOODMAN-SHRIER NUPTIALS.

Miss Goodman to Mr. Shrier; Miss White to Mr. Lertz; Miss Cook to Mr. Matthews, and Miss Bappler to Mr. Murphy—The Attendants.

Four marriage ceremonies were solemnized in this city yesterday and each of them joined the heart and hand of popular young people of Wilmington, who have the best and most sincere wishes of many friends for their happiness and welfare through life.

The ceremony which united in marriage Miss Bertha Goodman, the accomplished daughter of Mrs. Lina Goodman, to Monroe L Shrier, of New York, was celebrated at 4.30 o'clock in the Temple of Israel in the presence of a large gathering of friends, Rev. Dr. S. Mendelsohn, the rabbi of the congregation, officiating.

The church was elaborately decorated with a wealth of palms, smilax and crotons and the scene was a very pretty one indeed.

Mr. Alf H. Yopp, the organist, skilfully rendered a programme of music as the guests arrived, among the selections having been "First Festival March" (Pache), "May March" (Morgan), "Adagio" (Balckmar), "Offertoire" (Batiste). As the bridal party entered a march from Lohengrin was played and the exit was to the tuneful strains of Mendelsohn.

The bride was handsomely attired in a gown of grey satin crepe de chine, trimmed with Duchesse lace and pearls. She carried a shower bouquet of Lilies of the Valley and asparagus plomoso. The maid of honor, Miss Maude Shrier, of New York, a sister of the groom, wore an elegant costume of white crepe de chine, trimmed with Duchesse lace and carried a bouquet of bridesmaids' roses caught with ribbon to match.

The best man was Mr. Adolf Harry Goodman, brother of the bride, and he with the ushers, Messrs. Geo. Honnett, Jr., Marshall Shrier, Albert Solomon and E. I. Bear, were dressed in suits of conventional black.

Following the wedding ceremony an elaborate reception was tendered the bridal party from 5 to 10 o'clock in Harmony Circle rooms in the MacRae building. The decorations were by Rehder and were very elaborate, consisting of smilax, palms, ferns and flowers. An elaborate wedding supper was served by the King's Daughters. There was also music and dancing.

The bride and groom left on the 7 o'clock northbound train for Washington and Atlantic City, returning to New York later where they will be at home to friends.

Many beautiful and costly wedding gifts were received by the bride.

The marriage of Mr. Charles E. Lertz of Baltimore, Md., and Miss Gracie E. White, of this city, was solemnized at 5:30 o'clock in the afternoon at the residence of the bride's parents, No. 806 Market street, Rev. Dr. Calvin S. Blackwell officiating. The ceremony was a quiet home service and only relatives and intimate friends of the popular young people were present. The wedding marches were skilfully rendered by Mr. Alf H. Yopp and the parlors were exquisitely decorated and softly lighted, combining to make an altogether beautiful scene.

The lovely bride was handsomely costumed in white mousseline and lace over taffeta and carried a pretty shower bouquet of white carnations and Lilies of the Valley. Many useful and handsome wedding gifts were received by the bride.

The couple left on the 7 o'clock northbound A. C. L. train for Baltimore, Washington and other Northern cities and will be at home to friends after June 20th at Macon, Ga.

The bride is one of Wilmington's prettiest and most charming young ladies and the groom is a rising young business man of Macon.

At 9 o'clock last night, at the residence of the bride's parents, Mr. and Mrs. A. B. Cook, No. 106 Castle street, their daughter, Miss Allena Leet Cook, was most happily united in marriage to Mr. Samuel A. Matthews, a popular young man of Cronly, N. C., the Rev. Dr. J. M. Wells, of the First Presbyterian church, performing the ceremony. The home was tastefully decorated with bamboo, ferns, cut flowers, etc., and was thronged with friends of the popular young people. The bride wore an elegant costume of white silk mulle, with Irish point lace trimming, and she carried a bouquet of white carnations. The maid of honor, Miss Emma Cook, sister of the bride, was handsomely attired in a dress of white organdie and carried a bouquet of pink carnations. Mr. and Mrs. Matthews will be at home after June 10th at Cronly, N. C.

At the same hour last night, at the home of the bride's mother, Mrs Margaret M. Bappler, No. 207 North Fourth street, Miss Katherine P. Bappler was married to Mr. James Mscoley Murphy in a pretty wedding service performed by Rev. Dr. A. G. Voigt. Only a few friends and relatives of the bride and groom were present. The bride wore a becoming gown of white dotted Swiss, trimmed with mechlin lace and white ribbon. She carried an exquisite bouquet of roses. Many beautiful wedding gifts were received. Mr. and Mrs. Murphy will reside on Walnut, between Second and Third streets.

STATE MEDICAL BOARD MET YESTERDAY EVENING.

All Members Present at the Opening Session--Schedule of Examinations Prepared—Eighty-one Applicants.

The 49th annual session of the North Carolina State Board of Medical Examiners was called to order by Dr. E. C. Register, the president, in the ball room of the Seashore Hotel yesterday afternoon and medical students, their friends and relatives from all parts of the State are making the hotel headquarters. The dining room and verandas with their crowds last night reminded one of olden times. About two hundred guests are at present registered at the hotel and Manager Hinton says that they are arriving on every train.

At the initial meeting of the Board of Examiners, eighty-one applicants for license were registered, two of the number being ladies and six being negroes.

The Board as now constituted consists of Dr. E. C. Register, Charlotte, president; Dr. J. Howell Way, Waynesville, secretary, and Doctors T. S. McMullen, Hertford; D. T. Tayloe, Washington; Thos. E. Anderson, Statesville; Albert Anderson, Wilson, and J. C. Walton, Reidsville.

Preparations were perfected for the examinations which begin this morning and which have been set and classified by the Board as follows:

Thursday morning—"Materia Medica," Dr. E. C. Register.

Thursday afternoon—"Chemistry," Dr. T. S. McMullen.

Friday morning—"Midwifery and Diseases of Women," Dr. Albert Anderson.

Friday afternoon—"Surgery," Dr. D. T. Tayloe.

Saturday morning—"Anatomy," Dr. J. Howell Way.

Saturday afternoon—"Practice of Medicine," Dr. J. C. Walton.

Monday morning—"Physiology," Dr. Thomas E. Anderson.

NEGRO LABORERS WALKED OUT.

About Seventy-five Quit Work at the Cape Fear Mill Yesterday Morning.

Between 75 and 100 negro laborers employed in the mill department of the Cape Fear Lumber Company's plant in this city went out on a strike yesterday morning upon the company's refusal to grant them a ten-hour day instead of twelve as now, the men being employed by the hour. The mill had to be shut down for the day in consequence of the walk-out, although the yard force and all the white employes remained at their posts.

The men have been given until this morning to return to their work and no trouble is anticipated. The same rule as to hours is in effect, with possibly one exception, all over this section as was in vogue at the Cape Fear company when the negroes rebelled.

White labor organizers are thought to be at the bottom of the affair.

Seashore Hotel Opening.

The formal opening of the Seashore Hotel takes place on Saturday evening, at which time Manager Hinton will give a german to the visiting medical men. The music will be furnished by the Carolina Orchestra of 8 pieces, which has been engaged for the season. The signs of improvement around the hotel this year are marked.

The new annex with its 60 rooms, 20 of which are in suites with private baths is ready for occupancy and the new bowling alley and pool and billiard rooms erected just back of the hotel and over the sound are already popular resorts. The hotel this year is lighted with Kitson lights, and every modern improvement has been installed.

LOCAL DOTS.

— The "fish alley" at Front street market house is being paved.

— Valuable residence property on prominent streets is offered for sale by Mr. W. M. Cumming in an advertisement in to-day's STAR.

— Mr. Pembroke Jones is having installed a water works plant at his country home on Wrightsville. The supply will be from a 1,000 gallon tank, which Mr. F. A. Applegate has the contract to construct.

— The excursion from Wilson yesterday brought five passenger coaches well filled with pleasure seekers. The party returned at 7:30 o'clock last evening after spending most of the day at Wrightsville.

Excursion To-morrow.

The Sunday School of the First Presbyterian church will run an excursion to Carolina Beach to-morrow and a good time is in store for all who patronize it. The first boat leaves at 9 A. M. sharp and two other trips will be made at 3:45 P. M. and 5:15 P. M.

The Sunday School Union.

The Primary and Junior Sunday School Union will meet this afternoon at 4.30 o'clock in the Sunday school room of the First Presbyterian church. A full attendance is desired.

COMMERCE CHAMBER.

Constitution and By-laws Adopted for Government of the Consolidated Body.

THANKS TO THE COMMITTEE.

A Last Effort to Get Freight Train With Passenger and Mail Service on a Night Schedule Via Seaboard Air Line--Special Meeting.

At a special called meeting of the Chamber of Commerce in the Seaboard Air Line building yesterday afternoon, the constitution and by-laws drafted by the committee for the consolidated body was unanimously adopted, with slight amendments, accepted by the committee; the formality of electing the staff of officers, and the Board of Managers as an executive committee, was observed; so that nothing now remains in carrying out completely the scheme of consolidation some time ago begun.

President James H. Chadbourn presided at the meeting; Secretary James Kyle kept the records, and the following were in attendance, viz: Messrs. J. A. Arringdale, Wm. Calder, H. W. Malloy, L. B. Rogers, S. P. McNair, W. H. Brown, C. H. Robinson, J. A. Taylor, George R. French, Walker Taylor, W. E. Worth, John Frank, A. H. Zoeller, T. D. Meares, Peter McQueen, Jr., W. P. Oldham, E. F. Johnson, H. K. Nash and J. T. King.

President Chadbourn stated that the object of the meeting was to hear the report of the special committee on constitution and by-laws, composed as follows: Mr. Wm. Calder (chairman), Messrs. J. Allen Taylor, Geo. R. French, W. H. Sprunt, H. M. Emerson, M. W. Jacobi and C. H. Robinson.

Mr. Calder in presenting the draft acknowledged the obligations of the committee to Mr. J. A. Taylor for a greater portion of the work and read the various sections, the rules of trade of the old Produce Exchange to remain in effect until altered to suit the new conditions. The new constitution provides for the maintenance of a freight bureau and retains as far as practicable all the machinery of the old Exchange.

Mr. H. W. Malloy suggested that the eleven to constitute a quorum be not changed to fifteen as provided in the new charter, but after some explanation by Mr. J. A. Taylor and others he withdrew the objection.

By consent of the committee the provision requiring oath for the inspectors of election was stricken out. There was also some objection to the arbitration fee as it stood under the old Produce Exchange law and incorporated in the new, but a motion by Mr. Malloy and seconds by Col. Walker Taylor and Capt. Meares to make arbitration free, was lost, only five voting in the affirmative. The new constitution was then adopted unanimously, with grateful thanks to the committee.

Upon motion of Mr. William Calder it was ordered that the $500 left over from the two old organizations be placed in a surplus fund, which he hoped some day, by additions each year, would be large enough for the Chamber to build a home of its own.

Copies of the new constitution and by-laws were ordered printed and a copy sent to each member.

That Extra S. A. L. Train.

The following resolution was unanimously adopted and Messrs. H. W. Malloy and L. B. Rogers appointed to prosecute the matter further:

WHEREAS, The S. A. Line authorities have refused to place an additional passenger service on their line between Wilmington and Hamlet as per the request of the commercial bodies of Wilmington, and

WHEREAS, We believe such action on their part is detrimental to their own interest, as well as a hindrance to the progress of our city and its enterprises, clogging, as it does, the "wheels of progress," with an inadequate, insufficient, and unsatisfactory service of only one train every twenty-four hours,

Therefore be it resolved, That we deplore said action, and sincerely hope that the matter will be reconsidered, and that the service asked for, viz: a through freight train with suitable sleeper, passenger, mail and express cars, leaving Wilmington between 6 and 8 P. M., reaching Hamlet between 11 and 12 at night, and leaving Hamlet about 12 A. M. and reaching Wilmington between 6 and 7 A. M., be given, which would contribute to their own and our interest.

NEW LINKS FOR GOLF CLUB.

Tract of Land Will Be Purchased on the Trolly Line, Near Delgado.

The Cape Fear Golf Club is negotiating for the purchase of a tract of about 100 acres of land on the south side of the Seacoast railroad, opposite Delgado Mills, upon which it will establish new links, those at Hilton being abandoned. The topography of the land is admirably adapted for the purpose and will furnish the club one of the finest 3,000 yard courses in the South. A handsome new club house will be constructed in a picturesque cluster of pines near the crossing of the W. & N. railroad. The trolley line to the Beach will pass within a few yards of the club house.

A corps of surveyors, under the direction of Capt. E. W. VanC. Lucas, is laying off the course, an ideal one in every respect.

CLOSING EXERCISES BY SCHOOL FOR YOUNG LADIES.

Award of Testimonial and Prizes—Medal Established by Mrs. James Sprunt Won by Miss Kidder.

The STAR is handed the following very excellent report of the closing exercises of the school for young ladies, which it publishes with great pleasure:

"Examinations being over in the School for Young Ladies, conducted by Miss Hart and Miss Brown, the session was closed yesterday, when award was made of testimonials and prizes. Certificates are given only for the attainment of 95 per cent. or more in lessons or conduct: prizes—in lessons, for 99 per cent. or for the highest numbers attained; in conduct, for the record judged by the principals to have been the most deserving; in punctuality, for 100 per cent or for the highest number attained.

"The following pupils were mentioned as having made a good average in scholarship, above 90 per cent: Herbert Bluethenthal, Hugh Calder.

"Certificates of proficiency in scholarship were presented to Virginia Cooper, 95; Arra Freeman Perry, 95.4; Arthur Bluethenthal, 95.3; Hal Boatwright, 95.8; Sidney McDonald, 95.3; Hart McKoy, 99.5

"Certificates of excellent conduct were presented to Mary Bell Heyer, Arra Freeman Perry, Hart McKoy.

"Prizes were awarded as follows: For attaining the maximum in punctuality to Virginia Cooper, Mary Bell Heyer, Arra Freeman Perry, Arthur Bluethenthal, Herbert Bluethenthal, Sidney McDonald, Hart McKoy; for scholarship—95.8—to Hal Boatwright, and 99.5 per cent.—not in competition—to Hart McKoy; for the best record in conduct, to Arra Freeman Perry, 98; for the best record in needlework, to Mary Bell Heyer; for the highest total average, of punctuality, conduct and lessons, to Arra Freeman Perry, 97.3, and—not in competition—to Hart McKoy, 99.

"The 'Marion medal for conscientiousness and courtesy'—a yearly prize offered by Mrs. James Sprunt, in memory and in honor of her little daughter in Paradise—was won by Florence Hill Kidder. It was stated that since the offer was made only in November, the regulation requiring competitors to enter at the beginning of the session would, this year, be disregarded."

PRETTY CHURCH FESTIVAL.

United Workers of First Baptist Congregation Gave Charming Entertainment Last Night—"Apollo's Oracle."

The entertainment in the lecture room of the First Baptist church last night under the auspices of the United Workers of the congregation was one of a novel and unique character and was greatly enjoyed by a very large gathering. The affair was arranged in a charming manner by Miss Elizabeth D. Burtt and the programme was carried out under her capable direction.

"Apollo's Oracle," an entertaining mythological play, was presented by a bevy of twenty-five pretty young ladies in elegant costume, with Miss Louise Corbett in the leading role of Priestess. The staging and lighting effects were superb. Questions were propounded by the audience touching current topics and the oracle was invoked for an answer, which was always quick and witty.

The play was followed by "Studies With a Fan" by Miss Norma Foster, which was exceedingly pretty and captivating. Next came three pretty tableaux: "Death of Virginius," "Dance of the Muses" and an improvised scene introducing all the characters in "Apollo's Oracle."

Miss Burtt played all the musical accompaniments in a most fascinating and acceptable manner.

"Mystery Boxes" were sold and afforded no end of amusement. There was also a "Question Table," conducted by a number of gentlemen and ladies which was also a prolific source of amusement and revenue.

Upon the whole the affair was one of the prettiest and most successful given at the First Baptist church in many years.

Real Estate Transfers.

By deeds filed for record yesterday Thos. S. Evans and wife transferred to Nolie W. Mercer for $1,200, house and lot on east side of Second between Orange and Ann streets, 48x105 feet in size, and Stephen Sneeden et al. transferred to John Franklin Rogers for $30, tract of land in Harnett township, lying near Bradley's Creek on Greenville Sound, and containing two acres more or less.

The Police Court Yesterday.

In the police court yesterday James Covington, colored, was fined $5 for firing a pistol in the city limits. John Miller, colored, was charged with the larceny of a mule and dray, which he found in the street, but it was shown that he had no felonous intent and was intoxicated, whereupon the prosecutor, A. H. Lamb, withdrew the warrant and paid the cost.

RALEIGH, N. C. June 4.—One of the most loosely pointed games of ball ever played in Raleigh was the on this afternoon. It gave fans a reminder of old field school ball. Raleigh won, but deserves no credit. Up to the fifth inning, Wilmington hadn't secured a single hit off Childs while Mathison had been batted for a grand total of eleven runs and twelve hits. In the fifth, however, Fisher caught Childs' delivery for a home run, bringing the first score for Wilmington. Sweeney also put in a home run during the eighth inning. In the sixth, Fisher relieved Mathison in the box for Wilmington but Raleigh gave him a warm reception, making four runs in quick succession.

Capt. Kain was in the game to-day again, having about recovered from his recent accident at Charlotte.

Squibs By the Horse Editor

By Grape Vine Telegraph.

— It was by no means a shet out.

— With the stick, "our" Sweeney and Fisher batted 'em to the tall wood yesterday.

— Mace's reorganized team will meet Kelly's Kritters on the Greensboro grounds to-day.

— Two straights from the Raleigh Turtles is as good as could be expected with our crippled team.

— The Red Birds can't chirp over a victory like that yesterday. Twenty-five runs in nine innings is not calculated to enthuse.

— Fisher's desperation at the speed of the merry-go-round at Raleigh drove him to the slab yesterday, where he did pretty well, thank you.

— The Horse Editor journeyed yesterday to Merry Maxton, but will be back in time to get his arsenal in readiness from which to umpire Friday's game.

— It is refreshing to know that Durham got a whiff of Umpire Proud before that vain official was at last relegated to the unknown by President Busbee.

— This was asked of "Apollo's Oracle" at the entertainment at the First Baptist church last night: "If Mace doesn't spice our team, how can we count percentage?" The baseball reporter didn't wait for the answer, for the Oracle had just heard the score from Raleigh.

The Reorganized Baseball Team.

An enthusiastic meeting of the baseball fanatics was held at the City Hall last night. Col. Walker Taylor presided and stated the object of the meeting, after which he asked Major W. F. Robertson, also of the canvassing committee, to further state the object. Maj. Robertson carefully reviewed the situation and told how the team had been left penniless and homeless; how they had been taken up by the citizens and put on their feet again and how the franchise had been saved to Wilmington. He also spoke of the fund in hand to support the team and the need of more. He then moved the election of the following local board of directors, who were chosen unanimously: H. J. Gerken, W. H. McEachern, S. P. Adams, County Treasurer H. McL. Green and J. E. Thompson. The Board was authorized to carry the team no further in the season than the public subscriptions would warrant, but all expressed confidence in the public to support a good team even beyond the season limit.

Upon motion of Mr. James Allen and second by Mr. W. L. Burkheimer, the canvassing committee was voted grateful thanks for its efforts.

Subsequently the Board of Directors met and elected Mr. H. J. Gerken chairman and J. E. Thompson secretary and treasurer.

The Benefit Game To-Morrow.

The Uniform Fund baseball game to be played to-morrow under the auspices of the Wilmington ladies promises to be unique and well attended. The line up of the two teams given below will vouch for the first statement:

BENEDICTS.		BACHELORS.
C. E. Taylor, Jr.	p	T. R. Orrell
Warren S. Johnson	p.	Geo. H. James
W. A. French, Jr.	c.	R. Gwaltney
R. T. S. Steele	1b.	Rob Nash
W. H. McEachern	2b.	Ed. S. Battle

C. S. Grainger	3b	U. M. Robinson
W. F. Robertson	lf.	B. G. Empie
F. A. Lord	cf.	J. McR. Hatch
Walker Taylor	rf.	Geo. L. Peschau

Provision has been made by each team for a double pitching staff, and the city authorities have arranged for an adequate delegation of police for the protection of the umpire—the "Hoss Editor." In addition he proposes to be well armed from head to foot. Capt. Ancrum Lord will have charge of the Benedicts on the field and Capt. Brooke Empie of the Bachelors. The game will be called at 4.30 o'clock, and the admission will be 25c.; children 15c.

By a liberal patronage of this game, which will be played from start to finish strictly on its merits, the public will have an opportunity to contribute in a general way to a needy cause and will have the satisfaction of feeling that they aided in equipping the new team in a style befitting the city's pride in such matters.

PERSONAL PARAGRAPHS.

— Rev. J. N. Cole is attending Trinity commencement at Durham this week.

— Friends of Mr. R. P. McClammy will regret to know that he is confined to his home by illness.

The blue birds are with us again. The streams and ponds are warming up. The fishermen should be looking up their outfits. Seeing if anything is wanted before the last minute.

As of old we are showing the finest things to tempt the fish kingdom and make the sport more sporty for the anglers.

Lines may be wanted; poles must be needed; hooks are very necessary, and in fact we have everything that is required to make a complete outfit.

To those that are interested in the sport, to those others that may not be so enthusiastic, we would consider it a favor to have all come in and look.

THURSDAY MORNING, JUNE 5.

GRASS AND OTHER STOCK FEED.

A short while ago we published an article on the object lesson little farm at the Charleston Exposition conducted by a gentleman representing the U. S. Department of Agriculture The object in view was to show what kind of grasses and grains could be successfully and profitably grown at Charleston under ordinary conditions and on ordinary soil, without any extraordinary preparation. The Charleston *News and Courier* some time ago made editorial mention of the work that had been done on this little farm of less than two acres and briefly noted some of the grasses and grains grown upon it, with the progress made in growing, the yield per acre and the points in which they excelled or which gave them special value. We quoted a part of that article to give our readers an idea of the productive possibilities of one little farm in this section, and the large number of valuable food products it is capable of growing. The exhibit has attracted some attention from people who are interested in such matters, (all should be), and for this reason we reproduce the following, written later, and published in the *News and Courier* last Monday, after the exposition had closed. It enumerates various grains and grasses grown, but for the present we will content ourselves with reproducing the list of grains and grasses, with the comments of the *News and Courier*:

Wood's Pasture Grain Mixture, rye, wheat, barley and oats, growing together. Planted December 20. Has been ripe and ready for harvesting since May 20. Would have cut eight tons of "green feed" to acre by end of April.

Barley and Sand Vetch mixed—the office of the barley being mainly to hold up the vetch. Planted December 20. Should have been cut April 1. The barley is ripe and fallen. The vetch is seeding. Would have cut ten tons green feed to acres by end of March.

Texas Red Rust-proof Oats and English Vetch. Planted December 20. Was ready to cut March 1, and would have made eight tons green food to acre.

Wood's Rye. Planted December 20. About 5½ feet high. Just matured and "very fine."

Coast Rye. Planted December 20. Not so good as Wood's, but still very good. Was mature April 1.

Hairy Vetch, with rye. Planted December 20. Was ready for feeding to stock first week in March, and would have cut about ten tons to acre; green food. Now gone to seed.

Alfalfa. Planted December 29. Now 3½ feet high; very heavy stand and perfectly green. Should have been cut about April 1, and would have yielded as much more now. Is planted but once, and after first two years, when it has become well established, can be cut every two months. Good both for green food and hay. Will yield twenty-five to thirty tons per acre yearly. Has been known to yield fifty tons. (Mr. Bean tried to pull up a stalk to show the roots, but could not move it.)

Trefoil Clover, from Egypt. Planted December 26. Was ready to cut May 1. A good stand.

Soy, or Soja, Beans. Planted April 5. A dense growth, over 3 feet high, perfectly green, and closely resembling that of the cow pea in appearance. Can be cut now or at any time during the summer.

Beggar weed, from Florida. Planted April 5. Now 2½ feet high, but grows about five feet. Is usually allowed to stand until winter when stock are turned on it. "It grows where nothing else will grow. Every farmer who has poor, sandy land should have some of it."

Mammoth Cave. Planted December 26. Germinated first week in February. A very heavy crop, perfectly green and just beginning to bloom. Can be cut two or three times a year, or grazed all the year. Renews itself for five or six years. Excellent for milch cattle.

Meadow Fescue and Sheep Fescue. Planted December 28. The two together make a good lawn grass. One is very coarse, the other almost as fine as hair.

Orchard Grass and Timothy. Planted December 29. Both have done well and now ready to turn stock on. Can be grazed all the year. Planted but once.

Brown's Grass, (English Oat Grass). Planted in November. Stood the winter's cold well. Was mature April 1, and would then have cut three tons of hay per acre. After cutting makes a heavy crop for grazing in the summer. Second crop, growing amid the matured first crop, is now nearly waist high.

Brown's Schrader. Planted November 15. Ready to harvest April 1. Would then have cut three tons of hay. Second crop, in and under the ripened first crop, is nearly 3 feet high; very dense.

Alfalfa. Planted April 15. About 14 inches high, and a beautiful stand.

Rescue Grass. Planted November 15. "One of the finest crops on the ground. Was ready to cut on April 1, and was then 5 feet high. It is the English Brush grass.

There are, it may be noted, fifty kinds of grass on the grounds, suitable for lawns, meadows, etc., and all are "doing well. A detailed notice is impracticable.

Horse Bean, from China. Planted the last week in November. About five feet high and fruited closely from bottom to top. Is just ripening. Can be cut and fed green, when the stock is beginning to fruit, or allowed to ripen and then hogs turned on it. A heavy growth.

Horse Bean, from Egypt. Planted first or second week in November. The beans were ready for picking the first week in April. Would 16 hogs to the acre for two months. They can be turned on it by February 1, and kept on it until May.

German Millet. Planted April 13. A dense growth, waist high, not ready to cut until end of June. Will cut 3½ to 4 tons of hay to acre.

Crimson Velch. One of the finest velches on the grounds. Will make 4½ tons cured hay to the acre. Was ready to cut the first week in May. Is cut but once.

Here are twenty or more grasses especially noted out of the fifty or more grown upon that little farm, on less than two acres of ordinary land, without any extraordinary preparation, the object being to demonstrate what ordinary land in this section is capable of under ordinary conditions. In its previous notice of the work done there the *News and Courier* stated that the conditions had not been ordinarily favorable, for part of the time when the crops were growing there was an insufficiency of rain and artificial watering had not been resorted to, the object being to show what could be done when the plants had to depend on nature and the soil alone.

How many of these plants have been or are now produced in the South we do not know, but this exhibit unquestionably demonstrates the adaptability of the Southern climate and soil for the production of a great variety most of which, if not all, could be grown with profit, some of which with little labor and expense, making it possible and practicable for any land owner to become a grass grower and stock raiser.

With grass and other food crops that will yield several tons per acre, some of which can be cut two or three times, while others may be pastured the year round, and grow for several years without re-seeding, there is no good reason why grass culture should not become general in the South, and stock raising the rule instead of the exception. No reason why in a few years there should not be ten cattle, sheep and hogs raised to the one there is now, and ten times the number of dairy cows there are now. With the ability to produce grass as demonstrated on this little Exposition farm all this is not only possible but praticable, without any herculean effort.

WHAT IT COST.

When the war began between the South African Republics and Great Britain President Paul Kruger, of the Transvaal, said that the British might ultimately triumph, but it would be at a cost that would "startle humanity." Whether it has startled humanity or not, it has taught John Bull a lesson that he will not soon forget, and make him do some very careful figuring henceforth when he starts out on a land-grabbing expedition.

Now that he is revelling in a wild delirium of joy, because that handful remnant of Boers has accepted the terms offered, and peace has come, when he gets sober enough to think calmly he may ask himself the question what he has gained for the loss of life and treasure, and prestige in this nearly three years of an aggressive, unnecessary and unjustifiable war. The following table, which we clip from the Baltimore *Sun*, shows in brief what this feolish and wicked war has cost:

British losses (official figures up to April 1st, 1902)—	
Deaths in South Africa	21,536
Missing and prisoners	9,565
Sent home as invalids mostly wounded men)	71,248
Boer losses—	
Prisoners (estimated)	40,000
Deaths — Number not known, but generally estimated at...7,000 or	10,000
British troops engaged, about	500,000
Average number in field since January 1, 1900	225,000
Total Boer army (estimated)	55,000
Average number in field.	10,000
Direct cost of war to Great Britain up to March 31st last	$ 835,170,000
Estimated total cost, including bringing troops home and gratuities	1,000,000,000
British national debt	3,739,030,000
Increase in debt since first year of the war	564,110,000

This is enough, but it is not all. Everything was conceded to the Boers except independence, which was virtually a confession that they had been wronged. England came out of the war without glory and with a loss of martial prestige, the value of which cannot be estimated. She showed her weakness which will encourage other nations which before would have shrunk from a contest with her. This may mean other wars and more millions to pay. It does not necessarily follow that there will be unbroken peace with the Boers, for two new republics have been established to which the irreconcilables have "treked," where the British may some day find enemies as resolute and formidable as those whom they have finally succeeded in placating after such a stupendous cost.

The way of the transgressor is hard and so is the way of the land-grabbing nation.

Joseph Ormsby, of Chicago, who was a poor man, stood up courageously when his wife presented him with 14 children in seven years, but when she capped the climax by following this with quadruplets his courage oozed and he basely deserted her. But a show man came to the rescue, hired the mother and her quadruple attraction. She now lives in an $8000 cottage, which she owns, has $20,000 to her credit in bank, is making $300 a week by showing her children and sells $100 worth of photographs a week. When Joe hears that he will probably want to come back and make friends with the quartet.

It is said that the Pennsylvania coal mine operators have 3,500 men on guard to protect their mines from the strikers.

Summer Energy and Activity.

If You Are Nervous, Despondent, Sleepless, Irritable, or Out-of-Sorts in June,

PAINE'S CELERY COMPOUND

Will Give You Nerve Force, Fresh Energy, Vigor, and New Health.

June should be the banner month of the year for the enjoyment of nature and life. If men and women are not physically capable of enjoying the good things of nature and home so bountifully provided by an All-Wise-Creator, the fault is their own in the majority of cases.

Our nervousness, insomnia, despondency, and irritableness are continual and forcible reminders of ill health and disease. Their continuance in June means unhappiness and misery; their banishment by the use of Paine's Celery Compound means energy, activity, vigor, and full ability to enjoy Heaven's best gifts. Thousands are now acquiring rugged health and buoyant spirits through the use of Paine's Celery Compound. The blessings of health, home, and nature will be your portion if you wisely use the great medicine this month. It truly makes people well.

BEVERIDGE PROGNOSTICATES.

After a discussion of forty-four days, a discussion which was pretty warm and also pretty foolish at times, the Philippine civil government bill passed the Senate Tuesday by what might be called a strictly party vote, for McLaurin, of South Carolina, was the lone "Democrat" who voted with the Republicans. But that was expected. He has been with them ever since he reversed himself and voted for the ratification of the Paris treaty, and has since then been to all intents and purposes a Republican, although claiming to be a Democrat.

As it was apparent from the start that the majority intended to put that bill through practically in the shape agreed upon, it is just as well that it has at last gone through and an end come to the excitement, partisan scheming, misrepresentation and nonsense.

This discussion could have been ended in one day if the friends of the administration had frankly stated their position, for if they had admitted that it was the intention to give the Filipinos independence when they became fit to exercise it there would have been no contest, while if they had declared it their purpose to hold them in a condition of permanent dependency the popular protest would have been so emphatic that they could not have commanded the support of a corporal's guard of Senators. They have been playing a game of duplicity all along to deceive the people and win support for the policy they are pursuing.

There is no way to judge of what they propose to do save by the utterances of party representatives, and these are conflicting, the men who speak sometimes conflicting with themselves. In a speech delivered before an army society in Washington at the unveiling of a monument, a short while ago, President Roosevelt concluded an expansion outburst with the declaration that the flag was in the Philippines, and that it would "stay put." In his Decoration Day speech at Arlington he incidentally intimated that the Filipinos might some day be granted independence, in which event the flag would not "stay put."

In the Senate Tuesday Senator Beveridge, a radical expansionist, ventured into the domain of prophecy with the prediction that "the world's next drama would be enacted on the Pacific and it was essential that the mastery of that great ocean should be ours and it would be ours." This means contending for the mastery of one great ocean while having the other, in other words, the mastery of the world, against all the world, which is a pretty large sized job Mr. Beveridge is putting up for this country.

And what is all this for? For the trade of China, for that is what this drama he predicts is to be about. This means that we must expand our trade and to do that must have great navies and armies to assert our supremacy in both hemispheres, not only a world power but a world dominator. This is a strenuous programme, but will it pay?

Latham and Alexander's estimate of the cotton acreage this year is 632,988 acres less than last year, a reduction of about 2½ per cent.

It Dazzles the World.

— Tarboro *Southerner*: Monday evening about half past nine fire broke out in one of the buildings owned by G. T. Matthews, about a block from the residence of Dr. W. H. Whitehead. Before the fire could be stopped four dwellings, owned by Mr. Matthews, were burned to the ground. Several others were more or less charred. A stable and one or two more outbuildings were also consumed. The dwellings were occupied by Prof. Wilson, superintendent of the graded school; G. H. Daniel, Mr. Allen and Mr. Morris. The loss is estimated at $6,000.

Mr. Nissen has ten troughs made and placed around the trees. Water is put in these and as the beetles descend they drop in the water and are drowned. Mr. Nissen has been studying and experimenting with all the remedies issued by the government, but he found that none of them were so successful as his own. He invites those who have elms to come out and see how well his plan works. Three crops of beetles appear annually and Mr. Nissen wants the people to be ready to knock the next one out.

After he had had some words with the negro in the first part of the night, the latter muttered that he'd "fix him before morning." He proceeded to carry out this threat by slipping up behind Mr. Wilson while he was stooping, and knocking him senseless with a block of coal. The negro escaped before Mr. Wilson recovered consciousness. — Rev. W. M. Johnson, of Mathews, died suddenly Friday night from heart failure. CURRENT COMMENT.

—— This is by no means the first time that Senator Morgan, of Alabama, has come to the aid of the Republican Senators in their distress. It is not forgotten that he actively substained the absurd pretension of a former Republican Administration in the Bering Sea controversy, and that he was sent as an arbitrator to Paris in consequence. He now says that the Administration is bringing blessings and benefits to the Filipinos. But the distinguished statesman, in his zeal for Republican policy, overlooks the sound doctrine of morals, as well as law, that benefits are not to be thrust upon those who reject them.—*Philadelphia Record, Dem.*

—— It is somewhat remarkable that just when we should be unveiling a statue to do honor to Count Rochambeau for his military achievements, nature should have recently made an apparent effort to wipe out of existence the spot upon which the gallant Frenchman's martial glory came to an end, and that at the hand of the grandfather of the English monarch whose approaching coronation will be the next great event to hold the attention of the world. And yet such is the case, for it was around the base of Mount Pelee that the Duke of Kent defeated the French under Rochambeau, and it was at St. Pierre that the latter surrendered to his victor and then came to America to die broken-hearted.—*Augusta Chronicle, Dem.*

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 4.—The cotton market opened steady and one to sixteen points higher on a small scramble of local shorts to secure profits in part due to better Liverpool cables than expected and in part to belief that the market was in an over-sold condition. After a momentary pause, in which prices settled back a few points, there was a further forward movement in which room bears and investment demand competed for Summer months. Reports that the continent needed large amounts of cotton with which to carry out contracts in yarns and cloths for July and August delivery and claims that Northern spinners were freely bidding for cotton in Southern spot markets, helped to create a firmer feeling generally. Nevertheless, business was at no time particularly active and the trade as a whole was skeptical of any pronounced rise in prices so long as the new crop continues to prosper. A sudden rise to 9.25 for July in New Orleans cause ad commotion among local shorts at midday and on fresh wave of buying July here worked up to 8.76, while August sold at 8.49. During the rest of the day the market was quiet with prices off several points under scattering sales for profits by scalpers and a lull in outside support. The close was quiet and steady with prices net unchanged to thirteen points higher. Total sales were estimated at 100,000 bales. Light port and interior receipts with an increasing export movement were given some importance as bullish factors.

NEW YORK, June 4.—Cotton steady at 9¾c; net receipts 68 bales; gross receipts 947 bales; stock 175,496 bales.

CHICAGO, June 4.—Bulls switched with surprising rapidity in the corn pit to-day and set all traders to guessing what the next bit of manipulation by the "New Yord crowd" would be. Bears changed front under the action of the bull leaders, and although a natural reaction might have been expected after four days of almost constant declines, yet the action was remarkably erratic. July corn closed 1@1½c higher; July wheat ½c up and July oats 1½c higher. Provisions closed unchanged to 7½c higher.

CHICAGO, June 4.—Cash prices: Flour easy. Wheat—No. 2 spring —; No. 3 spring 71¾c; No. 2 red 79¼c. Corn—No. 2 —c; No. 2 yellow 62¾c. Oats—No. 2 41@41¾c; No. 2 white 44¼@44½c; No. 3 white 43¾@44¼c. DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entiled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

THE SPRING HAS GONE

AND THE FIRST OF SUMMER IS HERE.

On looking over my books I find that my business has been one-third better this season than any season before

The secret of the great increase is this: We have grown more able to do business; we buy in much larger quantities, which makes us able to sell goods cheaper.

Received by express to-day five cases new Millinery and by freight 42 cases this week; that denotes our stock is not running down. We keep it continually replenished with new and pretty goods.

In our Shoe and Slipper Department you will find about 6,000 pairs, in summer shoes for men, ladies and children. We have everything you can call for—Patent Leather and Vici in Oxford and Ties. We have just received a big line of Children Shoes, which we can supply you with the best quality at the lowest prices. The Old Home shoe, which is the best made for children and which we have purchased at reduced price, we will sell you the $1.50 ones for $1.25 and the $1.75 line for $1.50. We also have Children's Slippers of all kinds, which we are selling from 50c to $1.25 a pair.

Pants for young men just received, 34 pairs fine worstedpants for summer wear in sizes 28 and 29 waist and 30 to 33 leg, that we sell for $1 a pair, they are worth $2.75 a pair; five styles in small boy's waist suits from 50c to $1 a suit; 300 pair men's pants just received. First quality good looking well made pants for $1. Fine worsted pants in Spring styles for $1.98. A nice line of fine pants $3 to $5 a pair.

A nice line of white Pique at 10, 12½ and 18 cts—our 35c quality now selling at 18c—special; 100 rolls nice new ribbons received this week. No. 50, all silk Ribbon for 8c per yard. A beautiful line of new Taffetta Ribbon from 5 to 25c per yard, No. 80 for 25c per yard; 100 pieces narrow velvet Ribbons, No. 1, for 18 cts. a piece or 1½c per yard. all other widths in proportion and up to 60 and 75c per yard.

In our Millinery Department—well our trade has simply been wonderful. Our wholesale and retail trade has greatly increased. Our prices must be greatly less than our competitors. New goods jut received Hats, Flowers, Ribbons and Laces.

We have seven young ladies trimming Hats for you for nothing all the while; we trim your hat free when you buy of us. We sell a nice Leghorn hat for children for 50 cents ready trimmed; for young ladies for 75 cts. New style rolled brim hat, trimmed in silk, for $1.

A beautiful bunch of roses with three roses and three buds for 10c., all colors. A fine forget-me-not or apple blossom wreath for 25c.; 22 dozen pretty wreaths for children's hats at 10c. each.

In our Millinery department we serve all classes of trade from the cheapest to the finest. A beautiful walking hat for $1.50; others get $2 for them. Well, we sell all kinds of Screen goods. WILMINGTON, N. C.

THURSDAY MORNING, JUNE 5.

ANTHRACITE COAL MINERS' STRIKE.

More Accessions to Ranks of Strikers. President Roosevelt Asked to Interfere in Behalf of Arbitration.

By Telegraph to the Morning Star.

WILKESBARRE, PA., June 4.—More engineers, firemen and pump runners joined the miners' union and struck to-day, but in most instances the coal company officials were able to fill the places of the strikers. The Susquehanna Coal Company's colliery No. 5, at Nanticoke, was the first sufferer, all the firemen refusing to go to work, which compelled the company to shut down the engines. This colliery furnishes the power for the water supply of Nanticoke, and unless the engines are again started the borough will have a water famine to contend with. There was a slight fire in the town to-day and as the fire alarm is sounded by means of the colliery whistles, there was considerable trouble and delay before the volunteer firemen could be called to the scene of the fire. The company, it is said, will allow its mines to fill with water and let the borough get its water supply as best it can.

It was comparatively quiet to-day in the Wyoming valley. There was the usual gathering of crowds at starting and stopping time, but nothing of a serious nature occurred. Some men were stoned on their way to and from work and several were thrown into pools of water. The fear of bodily harm is causing more men to quit work than are the arguments of the strikers.

President Mitchell was kept busy all day in his headquarters. He had nothing to say regarding his visit to Scranton last night where he met Frank P. Sargeant, chief of the locomotive firemen. Regarding the general strike situation, he said everything was progressing satisfactorily; that more men were coming out each day and that the idle men are behaving themselves well. In emphasizing the latter statement, Mr. Mitchell said the chief of the Wilkesbarre police told him that during the twenty-one days the strike has been on, there have been fewer arrests than during the same number of days prior to the suspension of work. Among the arrests that were made not one was a miner. The national president had no comment to make when informed that the New York Board of Trade had decided to ask President Roosevelt to take up the task of trying to end the great struggle.

Considering the Proposition

WASHINGTON, June 4.—President Roosevelt spent some time this afternoon considering the proposition of the New York Board of Trade and Transportation that he appoint a commissioner to investigate the strike situation in the anthracite regions with the view to effecting an arbitration of the differences between the miners and operators. It is stated that the President has not yet decided what action he will take on the response to the suggestion.

Senator Hanna, of the civic federation, when interviewed to-night, professed to know nothing of the New York board's action, but it is intimated in official circles that if a commissioner is appointed the President will look to the senator to undertake the task.

INJUNCTION GRANTED.

Restraining Beef Packing Companies from Carrying on Business in New York.

By Telegraph to the Morning Star.

ALBANY, N. Y., June 4.—Supreme Court Justice Chester has granted an injunction restraining certain beef packing companies of the West from carrying on business in this State in violation of the provisions of the Donnelly anti-trust law. The order was served upon the representatives of the concerns in this city and territory today and will be served on others throughout the State as quickly as they can be reached. It was obtained upon the affidavit of D. W. Meredith, a former manager of Swift & Co.

DAVIS MEMORIAL.

Settled Now That a Design Will Be Selected and the Arch Erected.

By Telegraph to the Morning Star.

RICHMOND, VA., June 4.—The final vote of the Davis Memorial Association on the designs submitted for the Davis arch will be taken at 10 o'clock to-morrow morning. This decision was reached this afternoon, after a session which lasted all the morning, and which was entirely harmonious.

It seems settled now that a design will be selected and the arch finally erected.

To-night a telegram was received from the committee of ladies who went to New York to consult Mrs. Davis, stating that she had withdrawn all objection to an arch, provided the arch is made strictly memorial in character. This telegram was read at a meeting of the association representatives to-night amid great enthusiasm.

CHICAGO STRIKE MORE SERIOUS.

The Police Seem to Be Unable to Cope With the Strikers and Their Sympathisers.

STATE TROOPS IN READINESS.

More Than a Dozen Battles During the Day Between the Rioters and Police. Hospital Crowded With the Injured--Fight With Negroes.

By Telegraph to the Morning Star.

CHICAGO, June 4.—Driven by men covered with dust and blood, many of them barely able from exhaustion to hold the reins in their hands, thirty-six meat wagons entered the main gate of the Union Stock yards to-night amid a shower of stones, bricks, bottles and sticks. The wagons guarded by five police wagons, filled with blue-coats and two omnibuses crowded to the fullest capacity with policemen, were on the return from a delivery of supplies to down-town provision houses, after one of the fiercest days in the strike of the beef packers teamsters. Many of the drivers, who are officials at the packing houses, were cut and bruised from head to foot. The police were in even worse condition. The wagon drivers had been working from 5 o'clock in the morning and their progress from the stock yards into the city's business district and back again had been contested bitterly by mobs of strike sympathizers. At the very entrance of the stock yards to-night, after all seeming danger had passed, George June, an employe of the Anglo-American Packing Company, was struck by a baseball bat and knocked from his wagon seat. He was picked up in an unconscious condition and it is believed he may die. Many others were struck at the same time by a shower of stones, but the police were too worn out to offer resistance.

More than a dozen battles were ought during the day between the rioters and the police and the hospitals to-night are overcrowded with the injured. The fiercest battle of the day took place this afternoon at Sixteenth street and Michigan avenue. The rioters stood on the viaduct and hurled rocks at the meat wagons passing underneath. The throng was the most formidable in numbers and in daring of any of the crowds that gathered during the day. Before the mob could be dispersed the police were compelled to use revolvers. More than fifty shots were fired, the bullets passing over the heads of the crowd, which finally became frightened and scattered, but not until many of the rioters and policemen had suffered serious injuries.

Efforts to Compromise.

A conference was held to-night between representatives of the packers and teamsters looking to a settlement of the strike. President Frederick W. Job, chairman of the State Board of Arbitration, brought about the meeting. A settlement of the strike of the drivers of delivery wagons of retail State street department stores earlier in the day formed the basis on which the opposing elements hoped to effect a compromise.

On Fifth Avenue, between Adams and Monroe streets, the first shot of the day was fired and it gave rise to a report that the police had fired upon the mobs.

Worst Riot of the Day.

An officer was hit by a pop-bottle by a man standing on a fire-escape ladder. The officer, unable to reach his assailant in any other way, drew his revolver and fired two shots. The man escaped. The incident, however, created great excitement and soon one of the worst riots of the day was in progress.

A dense crowd, attracted by the shots, collected, and again missiles flew thick through the air. Several policemen were hit. A driver catching a man in the crowd throwing at him, upon receiving a stone in the face, drew his revolver and fired at the man. The latter's cheek was grazed and he ran with the blood streaming from his face. The police arrested the driver.

At Quincey street and Fifth avenue, while there was no shots fired, the police were again called upon to contend with the mob. They used their clubs with a vigor somewhat impaired by the fatigue of their long day's fight, but after making several arrests succeeded in moving the caravan again.

A little further down Fifth avenue, Sergeant Miller fired at a man who threw something at the officer but failed to hit him. As soon as the crowd reached the alley back of Van-Buren street the police adopted the policy of firing volleys in the air to scare the crowd. About thirty shots were fired.

The Packers Defeated.

It is doubtful if the packers will again try to move their wagons in a big body. It was thought that in this way the police could better protect them, but the day's developments have shown the contrary to be true.

Concerning the reports of innocent persons being clubbed, Mayor Harrison said that he doubted the reports, but remarked that "these are no picnic times. If fears for personal safety will not keep people off the streets where meat wagons are moving," said the mayor, "no proclamation of mine warning them would do any good."

Battle With Negroes.

A pitched battle occurred between a crowd of negroes from St. Louis to take the places of the striking stock yard teamsters, and toughs and strikers at 45th and Centre avenue early today, in which six negroes were badly injured, two possibly mortally. The substitutes were driving wagons when they were assaulted. Many of their assailants were armed with ice-pike poles they had seized from ice wagons, and in the fight the negroes were badly lacerated by these weapons. One man had his thigh broken and another was injured internally. The imported negroes number about fifty.

It is estimated that the total number of injured is between 100 and 150.

Department Store Strikers.

After thirty hours, during which the delivery of goods from the big down town stores was stopped, the strike of the department store delivery drivers union, affecting 1,300 men, was settled at a conference held here this afternoon. The demands of the men in regard to wages were granted and the stores agreed not to discriminate against union men and to furnish uniform coats and caps where required. The agreement was the result of concessions made by both sides and was brought about largely through the efforts of Frederick Job, chairman of the State Board of Arbitration. The men returned to work to-day.

Incidents of the Fights.

An incident of the fights was the smashing of an automobile in which were seated Charles Gates and a companion. The machine was caught in one of the blockades and smashed to splinters. Another machine, in which were two women, was caught in a similar predicament. The occupants were so frightened by the riot about them that they were at the point of fainting when policemen rescued them.

In Fifth avenue, near VanBuren street, the crowd made a rush upon a loaded meat wagon belonging to Swift & Co. The horses were hastily unhitched and driven off while the crowd untied the fastenings of the vehicle and uncovered the meat. Then they grabbed the quarters and ran in all directions with them. When the police reached the scene the wagon was empty and the provisions and horses had disappeared.

A number of vehicles, driven by men presumably in league with the strikers, had blockaded Madison street and tied up the the street car lines running through the intersection. In the jam was a bus loaded with boys. The lads climbed out of their vehicle only to meet the on-rushing police and many of them were clubbed, while spectators cried, "Shame!"

State Troops in Readiness.

Just before midnight the conference at the Grand Pacific hotel was still in session, and no definite result had been reached.

The soldiers of the First regiment, I. N. G., were instructed to night to be prepared for a hurried call to duty. Commanding officers sent word to other officers, and through them the non-commissioned officers were detailed to notify the privates to be ready at a moment's notice. Governor Yates is in the city to night.

DEMOCRATS OF INDIANA.

The State Convention—Nominations—A Battle in Committee on the Proposed Planks in the Platform.

By Telegraph to the Morning Star.

INDIANAPOLIS, IND., June 4.—For Secretary of State, Albert B. Schoonover, of Attica; Attorney General, W. E. Stilwell, of Princeton; State Auditor, James R. Riggs, of Sullivan; State Treasurer, Jerome Herff, of Peru.

The above ticket and a number of candidates for minor offices were nominated at the Democratic State Convention, which was held here today. The gathering was remarkable for its lack of discord, candidates for all but three of the offices being chosen by acclamation.

While there was no fight in the convention proper, there was a battle royal in the meeting of the Committee on Resolutions. A number of the friends of William J. Bryan, from the Second district, were very earnestly in favor of the insertion in the platform of a plank endorsing him and the Kansas City platform. The majority of the committee was against any such endorsement, saying they considered it out of place at the present time to inject Mr. Bryan's name into the State campaign. The fight lasted well into the night and it was nearly noon to-day before the report of the committee was ready for presentation to the convention.

The Philippine plank also created much discussion, the committee being called upon to consider all sorts of propositions in behalf of the Filipinos, some of them being in favor of immediate and complete independence.

RIOT AT EDWARDSVILLE, ILL.

Five Men Shot in a Conflict Between the Strikers and Non-Union Men

By Telegraph to the Morning Star.

EDWARDSVILLE, ILL., June 4.—A riot broke out to-day between several hundred striking moulders and non-union employes of the American Steel and Foundry Company, and as a result five men, two negroes, non-union workers, and three white strikers, were shot, two of the latter fatally.

The trouble occurred when a train load of negroes imported by the steel company to take the places of strikers reached Granite City. As the men were proceeding through a narrow lane to their work in the mills they were attacked by strikers.

TRAIN WRECKED.

Engineer and Fireman Killed and Four Passengers Injured.

By Telegraph to the Morning Star.

CHATTANOOGA, TENN., June 4.—The Cincinnati Southern local passenger train No. 5, due here from Oakdale, Tenn., at 7:30 P. M., running late, struck an obstruction on the track half a mile south of Cave Springs, 28 miles north of here, derailing the engine and upsetting one of the passenger coaches. Engineer Frank Finch and Fireman Pay were killed. Four passengers were injured. A special train bearing five physicians has been sent from here to the scene of the wreck.

ISTHMIAN CANAL IN THE SENATE.

Senator Morgan Made a Strong Appeal for the Passage of the Nicaragua Bill.

OPPOSED THE PANAMA ROUTE

Debate in the House on the Anti-Anarchy Bill—Protest Against Vast Expenditures Proposed on Improvements at West Point Academy.

By Telegraph to the Morning Star.

WASHINGTON, June 4.—Discussion of the project of constructing an Isthmian canal was begun by the Senate to-day. Senator Morgan, of Alabama, chairman of the Committee on Interoceanic Canals, opened the debate, speaking nearly three hours. A considerable portion of his speech was devoted to an examination of the recently suggested danger to the Nicaragua canal route of seismic disturbances. This danger, he concluded after a careful review of many authorities, existed only in the imagination of those who desired to defeat any canal project. His study of the situation had convinced him that really there was greater danger from volcanic and earthquake disturbances to the Panama route than to the Nicaragua route; but he was satisfied that little danger to either was to be anticipated.

Senator Morgan reviewed at length the political conditions in Colombia, finding in them a grave menace to the United States in the construction of a canal by the Panama route. He presented also the present phases of the diplomatic negotiations looking to the building of a canal by both the Nicaraguan route and by the Panama route. Senator Morgan said the failure of the United States to build the isthmian canal would be an exhibition of moral weakness, influenced either by powerful private interests or by some convulsion of nature which appealed strongly to the imagination. He closed with a strong appeal for the passage of the Nicaraguan bill.

Senator Money, of Mississippi, questioned the accuracy of a statement made recently by Senator Hoar in his speech on the Philippine bill, on the origin of the Monroe doctrine. Senator Hoar stated that John Quincy Adams was the father of the doctrine. Senator Money contended that the doctrine was the result of consultations between Mr. Canning, the British prime minister, and Mr. Rush, the American minister to Great Britain.

Senator Bate, of Tennessee, a member of the Military Affairs Committee, protested against the vast extent of the improvement proposed at West Point, aggregating, he said, $6,500,000, the increase provided by the Senate being about $1,000,000.

Senator Quay called up the bill authorizing the promotion and retirement of the present senior major general of the army—Major General John R. Brooke—and it was passed.

A bill providing that the postmaster general may extend free delivery to cities of 5,000 inhabitants or $5,000 gross income, instead of 10,000 as at present, was passed.

House of Representatives.

The debate upon the Anti-anarchy bill continued all day in the House. It was without sensational features being confined almost entirely to the legal and constitutional phases of the question.

Mr. Jenkins, of Wisconsin, and Mr. Parker, of New Jersey, contended that the bill did not go far enough; that the killing of the President should be made punishable by death without any limitation whatever.

Mr. Powers, of Massachusetts, and Mr. Nevin, of Ohio, the other two speakers, supported the measure as it came from the committee.

Mr. Hull, of Iowa, chairman of the Committee on Military Affairs, reported back the resolution calling upon the secretary of war for a detailed statement of the expenditures made under the direction of General Leonard Wood during his administration as governor general of Cuba, with the recommendation that it lie upon the table, and moved the adoption of the report. Upon that question Mr. Hay, of Virginia, demanded the aye and nay vote and the roll was called. The report was adopted—110 to 118.

CAR WORKS BURNED.

Extensive Plant in Suburbs of Chicago Destroyed—Loss $1,000,000.

By Telegraph to the Morning Star.

CHICAGO, June 4.—The Illinois Car and Equipment Company's plant at Hegewisch, a southern suburb of Chicago, was burned to-night. The company was engaged in the building of freight cars and employed 1,100 men, practically the entire population of the town. The loss is estimated at $1,000,000.
